

# Firearms Training

Registration: (623) 845-3333

---

## Firearms I (AJS151)

**Firearms I is specifically designed to meet the training requirements for the Arizona Concealed Weapons Permit and for those not experienced or knowledgeable of firearms.**

**Cost:** The class is 1 credit hour and there is a \$25 lab fee to pay for range supplies, fingerprinting, class book and targets. If you are not registered for a class at GCC, there is also a \$15 registration fee.

**What does the class include:** There are 12 hours of classroom lecture and interaction and 4 hours of range training. Lecture sessions include legal and moral aspects of owning and using a firearm, safety, mindset, marksmanship basics and nomenclature. Students participate in 3 judgmental (shoot/don't shoot) scenarios while in the classroom. The range training includes familiarization training and a short qualification course.

**What doesn't the class include:** The permit (\$60) which must be submitted to the Arizona Department of Public Safety.

**What firearm may I use:** Any pistol or revolver may be used as long as they qualify as a 'firearm' by Arizona law. Air guns may not be used, as it must fire a powder charged cartridge. Magnum loads are discouraged due to the impact on other students.

**Must I use the firearm I will carry:** No, the law does not require you to attend the class with the actual firearm you will carry, however it is strongly encouraged.

**May I borrow a firearm:** Yes. Firearms in caliber 9mm are made available for students needing one. Simply contact the instructor the first day of class and advise them of your need. ***You will need to purchase 100 rounds of factory USA manufactured 9mm ammunition, since the college does not supply ammunition nor is it available at the range.***

**Student requirements:** Pistol or revolver (one may be borrowed by notifying the instructor), strong side belt holster, 100 rounds of ammunition, eye protection, ear protection (school has some available if needed), and cap with a brim to protect the face.
