

Firearms Training

Registration: (623) 845-3333

Firearms III (AJS154)

Firearms III is a survey class, meaning that it is not skill building and is meant to familiarize the student with a variety of shoulder fired weapons and how they are used in law enforcement. Students will have a chance to fire most weapons, however a restricted number of rounds will be fired through some more exotic firearms and students at random will be selected to fire those. Class is held at the range with no formal classroom sessions.

The class usually starts with 8 hours of shotgun training. The following 8 hour day, the class is introduced to carbines, semiautomatic rifles, submachine guns and bolt action rifles.

Cost: The class is 1 credit hour and there is a \$35 lab fee to pay for range fees, supplies and targets. If you are not registered for a class at GCC, there is also a \$15 registration fee.

What firearm may I use: Most weapons will be supplied, but students are encouraged to bring their own weapons and use them in class.

Student requirements:

Eye protection, ear protection (school has some available if needed), cap with a brim to protect the face.

Large selection of ammunition:

100 rounds of 12 ga. birdshot (unless you will be using another gauge.) If you do not want to use a 12 ga. shotgun, the 00 buckshot and rifled slugs will not be required.)

20 rounds of 00 buckshot.

10 rounds of rifled slug.

50 rounds of 9mm full metal jacket ammunition. (Factory – brass casing, no steel.)

40 rounds of .223 caliber factory ammunition. (Factory – brass casing, no steel.)

20 rounds of 7.62 NATO factory ammunition. (Brass casing, no steel.)

20 rounds of 7.62 x 39 ammunition. (Steel casings okay.)

NEW! We have added a 20-gauge shotgun for anyone who feels the recoil of the 12-gauge is too much. You have the option of trying this shotgun; however, you will need to purchase that ammunition.
